Subject: Re: Filming Michael

a. fletcher will help provide the hi-def film - please note he has had appalling experiences with cchq in the past and he will only help with anything as personal favour to MG so his patience shd not be tested or he will just disappear on you. i suggest that ben and ben only deals with him.

b. i will not answer any further emails to my official DfE account or from conservatives.com - i will only answer things that come from gmail accounts from people who i know who they are. i suggest that you do the same in general but thats obv up to you guys - i can explain in person the reason for this...

i will be at spring conf so anyone who is going to deal with our team we cd meet then so we know who each other is...

my mobile is 07████████

cheers

d
